EDUCATION

Chandigarh University 2024 – 2028
Computer Science Engineering - **CGPA - 7.0** Mohali, India

Indian Institute of Technology Madras 2024 – 2028
Data Science - **CGPA - 6.0** Chennai, India

EXPERIENCE

Indian Institute of Technology Ropar (IIT Ropar) May 2026 – July 2026
Summer Intern (MERN Stack Development, Open Source Contribution) Rupnagar, Punjab

- Contributed to open-source projects using the MERN Stack (MongoDB, Express.js, React.js, Node.js).
- Collaborated using Git/GitHub workflows and gained hands-on experience in full-stack web development.

XYLOFY AI April 2025 – May 2025
Data Analyst Intern Remote

- Analyzed and cleaned datasets using Python, Pandas, and Excel to generate business insights.
- Created dashboards and visual reports to monitor key performance metrics and trends.

PROJECTS

Portfolio Website | HTML, CSS, JavaScript 2026

- Developed a responsive portfolio website with optimized UI/UX and cross-device compatibility.
- Improved page performance by 25–30% through asset optimization and efficient rendering.

Disease Prediction System | Python, Streamlit, Machine Learning 2026

- Built an ML-based web application for disease prediction using symptom-based inputs.
- Integrated trained models with Streamlit for real-time predictions and visualization.
- Performed data preprocessing and model deployment for healthcare analytics.

MeddiConnect Hospital Platform | React, Node.js, Express.js, JavaScript 2026

- Developed a full-stack healthcare platform for appointment and service management.
- Built REST APIs and responsive frontend components using the MERN stack.
- Enhanced application performance by 30–35% through API and state management optimization.

Typing Buddy | React, JavaScript, CSS 2025

- Developed a typing practice platform with real-time speed and accuracy tracking.
- Implemented performance analytics and dynamic text generation features.

Notes App | React, Local Storage 2024

- Built a responsive note-taking application with complete CRUD functionality.
- Implemented local storage for persistent data management and faster retrieval.

TECHNICAL SKILLS

Languages: Python, Java, C, C++, JavaScript, SQL

Developer Tools: Git, GitHub, VS Code, Postman, Streamlit, Netlify, LaTeX

Technologies/Frameworks: MERN, HTML5, CSS3, REST APIs, Streamlit

CERTIFICATIONS

- McKinsey.org Forward Program
- Python Data Analytics - Coursera
- Oracle Cloud Infrastructure Certified
- Java
- SQL
- MongoDB Basics
- AWS Cloud Solutions Architect
- Microsoft AI Classroom - Microsoft
- J.P. Morgan - Investment Banking Job

EXTRACURRICULAR

- * NSS Parade Contingent Member – selected for university-level parade participation.
- * Ranked among Top 20 Google Ambassadors in India for active community engagement and initiatives.
- * Class Representative – managed coordination between 60+ students and faculty.
- * Member of Institution of Engineers India (IEI) – participated in technical events and workshops.
